Construction: Resident Engineer and Resident Inspector position for Roadway and/or Bridge Projects

OMNI-MEANS, Ltd. is a leading, full-service, Civil Engineering and Transportation Design firm with offices in Roseville, Redding, Visalia and Walnut Creek. We offer competitive salaries and an attractive benefits package in a fun and professional environment.

Position: OMNI-MEANS is currently seeking an enthusiastic, highly-motivated Resident Engineer and Resident Inspector for Roadway and/or Bridge construction projects in our Visalia Office. Experience in traffic signal installation desired. The ideal candidate will possess strong communication skills, be proficient with Microsoft Office and demonstrate the ability to resolve technical issues efficiently.

Duties: Duties are dependent upon capabilities and may include PS&E reviews, meeting coordination, interpretation of contracts, contract preparation, subconsultant management, labor compliance reviews, written progress reports, preparation of change orders, preparation of progress payments, preparation of schedules, budget tracking, analysis of contractor proposals, utility work coordination, submittal management, materials quality control and quality assurance, surveying coordination, inspection, environmental permit requirement coordination, stormwater inspections, claims management, project close-out documentation and preparation of record drawings.

Requirements: This position requires a minimum of:

- Experience with Caltrans Standard Plans and Specifications
- 3-5 years experience in Roadway and/or Bridge construction experience
- Registered Civil Engineer (P.E.) in CA (for the Resident Engineer position)
